

Conservation in a Regional Context: The Central Coast Wildlands Project

Vision project completed in 2002

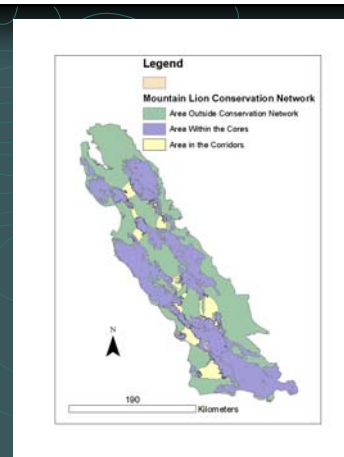

Rewilding Concepts

Reed Noss & Michael Soule

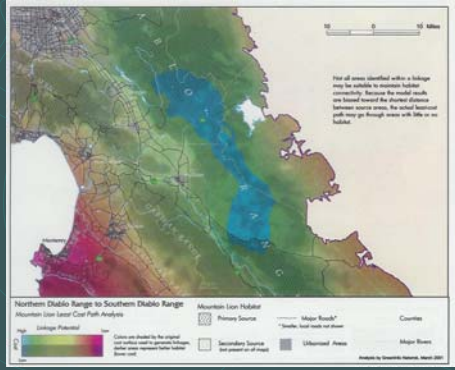

- Large, protected core areas
- Habitat connectivity – linkages
- Keystone species

Focal Species

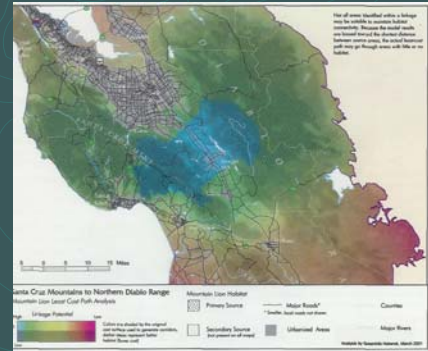

- Mountain Lion
- San Joaquin Kit Fox
- Pronghorn Antelope
- Steelhead

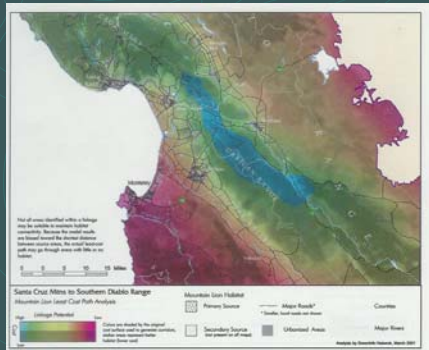

Diablo Range connectivity mostly intact

Santa Cruz Mtns. to Diablo Range though Coyote Valley?

Santa Cruz Mtns. to Gabilan / Diablo Range through Pajaro Valley?
